Dear Senator Burr:

I am writing to you today on behalf of the residents of Ranlo, North Carolina to humbly and respectfully request your consideration of seven potential community projects in the upcoming federal year budget.

At a special meeting of the Ranlo Board of Commissioners held on March 25, 2021, the Board publicly adopted the enclosed resolution specifically outlining the needs of our community and imploring your office to consider supporting any of these efforts. The majority of these projects have been evaluated by professional engineering groups and specific details on any of the projects are available at your request. These projects range from much needed infrastructure repair, park restorations, and providing ADA accessibility throughout Ranlo.

I appreciate your consideration of these community funded projects. I am glad to discuss further at your convenience and it is our hope that you will submit a project for community funding within the next few weeks on behalf of the Town of Ranlo. Thank you for your dedication, efforts, and commitment to the people of North Carolina.

Thank you and best regards,
